Web Announcement 1916

**Attention Physicians:**

**Include Facility Information on Companion Prior Authorization Requests**

When requesting a companion prior authorization (PA) for a surgical procedure, please include the name of the facility and the facility's National Provider Identifier (NPI) for their provider type 10 (Outpatient Surgery, Hospital Based) or provider type 46 (Ambulatory Surgical Centers) enrollment in the Notes section of the request. Nevada Medicaid needs this information in order to build the companion PA.
